

## KEY REQUIREMENTS

- Non-Halogen to industry standards
- Increased thermal conductivity
- Good impact properties
- Easy to process
- Corporate color

**NON-HALOGEN FLAME RETARDANT**

# POWER TOOL MANUFACTURER

POWER TOOL BATTERY PACK

## AVIENT SOLUTION

Maxxam™ NHFR Non-Halogen Flame Retardant Polyolefin Formulation

## WHY AVIENT?

- Provided a non-halogenated solution for Bosch while increasing the thermal conductivity
- Supported with regulatory and technical knowledge
- Helped to source a UL-listed material from the EU for production in China with identical quality
